SKILLS & INTERESTS

Web Technologies: HTML5/CSS3, ES6+, JavaScript, TypeScript, CSS Preprocessors (SASS, LESS)

Frameworks: React, Next.js, Jest, Redux, RTL, NodeJS, Backbone, React Native, RESTful APIs, GraphQL, Plotly

Development Tools: Git, Webpack, Babel, React DevTools, Profiler, GitHub Copilot, GenAI, MCP Server

Cloud & Infrastructure: AWS (Lambda, S3, IAM, CloudFront), CI/CD (Jenkins), Monitoring & Logging

WORK EXPERIENCE

Publicis Sapient

Karnataka, India

Software Engineer Developer

3/2021 - Present

- Developed and maintained scalable, responsive web applications using **React, Next.js, Redux Toolkit, and Context API**, improving performance by **17%** and enhancing user engagement for **1M+** users.
- Working on **accessibility** and using **Axe DevTools** to test Web applications resulted in **90%** efficiency improvements that make it easier for persons with disabilities to use the program.
- Engineered **critical bug fixes** for a high-traffic monitoring system handling **7.2 million daily operations**, ensuring seamless functionality.
- A strong background in modifying CSS frameworks like **Bootstrap** and **Material UI** with the help of CSS pre-processor **SASS** also resulted in **34% smaller CSS bundle sizes**.
- Experienced in working with some Libraries like **Axios, Moment**, and **Lodash**, along with it through **Jest** and **React Testing Library**, we passed more than **90%** of the test cases for each module.

Nimblechapps

Ahmedabad, India

Frontend Developer

6/2020 - 3/2021

- Designed, developed responsive, cross-browser compatible web applications using **React, JavaScript**, and **Typescript**,
- Developed a responsive interface using **Bootstrap** and used **SASS** for **CSS** and **styled components**.
- Reduced initial page load time by **21.78%** by optimizing assets, implementing lazy loading and refining bundle sizes
- Transformed legacy codebase by converting class components to **React functional components with Hooks**, enhancing maintainability and improving rendering efficiency, while simultaneously reducing component re-renders by **15%** on average.
- Engineered some of the famous libraries and worked with them such as **React HighCharts** and **Animation library**.

EDUCATION

Silver Oak College of Engineering and Technology University

Ahmedabad, India

Bachelor of Engineering in Computer Engineering CGPA - 8/10

- **Area of studies:** Object-Oriented Programming Language, Database Management System, Software Engineering, Data Structures, Design & Analysis of algorithms, Web Technology.

Gujarat Technological University

Ahmedabad, India

Diploma in Computer Engineering CGPA - 8/10

- **Achievement:** Supervised a team with 2 team members and designed a small web app using web technologies like HTML5, CSS, PHP & Bootstrap as a college project.

LEADERSHIP EXPERIENCE

- Guided a team with interns and mentored them for **web technologies** on live projects.
- Collaborated with the '**Flat Hat Hackers**' team at an accessibility hackathon, demonstrating strong decision-making, leadership, and teamwork skills to achieve runner-up placement.
